

Cassiobury Junior School Children's Child Safety Policy

Keeping you safe is our most important job at Cassiobury Junior School. We help you stay safe by doing lots of different things.

- Checking that the adults who come into school are safe.
- Keeping the buildings and grounds safe to be in.
- Checking the gates and fences.
- Making sure that students and staff do not use mobile phones or personal devices around the school.
- Making sure that we know about allergies and safe foods.
- Checking the places we take you to so that you can be safe out and about on trips.
- Setting rules so that others know how they should treat you and be kind to you.
- Speaking to your family if you or they need some extra help.
- Try and find extra help or support if you help to look after someone in your family.

We teach you lots of things in school that help you to feel safe.

-  Identifying who your safe adults are. We talk about being able to name someone for each digit on your hand.
-  We tell you about the worry boxes. You can leave a note in a worry box to ask for help or advice. There is one in each building.
- We teach you about the school rules and expectations for how you should behave.
- Teach you how to be safe on the roads, out in public, online and in your home.
- We teach you to understand how your body feels when you are unsafe.
- We tell you about other people who can keep you safe such as the police, Childline and CEOPs.
- We tell you which members of staff are specially trained to keep you safe. They are Miss Sherry, Miss Keighley, Mr Rutherford and Mr Long.
- Mrs Cooper is trained to know about feeling unsafe online and she is happy to talk to you if you are worried about something.

What can you do to get help?

- Tell an adult if anything is worrying you.
- Use the worry box and leave a message.
- Tell someone at home.
- Call Childline if you feel scared or in need of help.
- Call the police if you think you or someone else is in danger.

At Cassiobury we have safety rules for using devices online.

- Don't share personal information (this includes real names, passwords, address, school, passwords)
- Never agree to meet anyone you've only met online
- Don't accept messages from strangers
- Tell a trusted adult if you see anything upsetting
- Don't believe everything you see on the internet - Ask yourself if the information is from a reliable source.
